

Brushing time

Kids tend to tune out nagging from Mom and Dad, but they'll be all ears – and all smiles – for a whimsical chorus of oinks, mops and quacks to keep them company while brushing with the Firefly Boppin' Barnyard Toothbrush from Dr. Fresh.

The toothbrush plays "Old MacDonald" for one minute (the length of time each row of teeth needs to be

is fun time

brushed) when the button in its handle is pressed. Kids brush until the music stops, and activate the song again to brush the second row of teeth.

The toothbrush was developed for children ages 3 and older with an ergonomic design appropriate for a child's small hand.

Available at mass merchandise stores like Target, Wal-Mart, Walgreens, and Big Lots. \$2.49.
